

Constant Effort Site Information Sheet

Your name/Ringing Group:		Permit Number:
CE Site Name:	Grid Ref:	CES Number:

This information sheet is designed to ask you a few simple questions about your Constant Effort Site. The answers will help us with our work. The questions are largely about the conservation status of your site; it will be useful for us to know how many designated sites (eg SSSI, NNR, LNR etc) are monitored by constant effort ringing. It won't take long to complete!
